TELEPHONE LINES WELL UNDER WAY

Contract for Installation of
Automatic Phones on the
Way.

Ohia wood from the lumber plant
of the Hawaiian Development com-
pany, has been selected as the finish-
ing material for the interior of the
new telephone exchange on Garden
Lane. The contract was made yester-
day with the Hawaiian Develop-
ment company, and the plans are in
the hands of George R. Carter for final
approval. Bids for the construction of
the building will be called for in a
short time.

The contract for the installation of
the automatic service is on the way
from the mainland, according to a let-
ter recently received from Mr. Platt,
the automatic company representative
who was in Honolulu a few weeks ago
looking over the telephone situation.
The telephones will be made as soon
as the contract is returned, and by the
end of the year, unless something un-
foreseen happens, the new system will
be well under construction.

A large number of new poles, recent-
ly received from the land for use in
the outlying sections of town to re-
place old and unsightly ones, are be-
ing dipped in a special solution pre-
pared by Manager Hummel. They are
dipped in creosote and a small portion
of distillate. To ten gallons of this
mixture is added a pound of lead arse-
nate. This solution is guaranteed to
kill any insects which may be in the
poles, or any that attempt to bore in.
The poles are then dipped in a green
coloring.

George R. Carter is quoted as say-
ing that the "street-hole" ordinance
which the supervisors are passing may
compel the telephone company to can-
cel the big contract with the automa-
tic people and continue its present
system indefinitely.

APPEAR TO ANSWER TO MURDER CHARGE

James McCandless, charged with
being an accessory after the fact to
the murder of the sailor Wetherill,
was arraigned before Judge De Bolt
yesterday afternoon, as was also Wai-
kiki, charged with having committed
the murder. Both reserved their plea
until next Saturday.

When Judge De Bolt asked McCand-
less if he had a lawyer, he replied in
the negative, but said that his father,
William McCandless, had been looking
for Attorney Lightfoot to represent
him. He had not, however, found the
attorney. The judge stated that Mr.
Lightfoot was in the building, and sent
for him. Mr. Lightfoot said that he
had not been seen in regard to the mat-
ter, but for the time being would act
as special counsel for McCandless, and
asked that plea be deferred. The mo-
tion was granted and McCandless' bail
fixed at \$2500, which is expected
McCandless, Sr., will be able to furnish.
The prisoner's father later came to the
court house and had a conference with
Mr. Lightfoot and arranged with him
to defend his son.

Waikiki stated that he, too, had no
lawyer, and had no money to hire one.
He has a sister in town, but had not
seen her. The judge instructed the po-
lice to allow him to communicate with
his sister with a view to getting a law-
yer to defend him. His bail was also
fixed at \$2500.

CONVICT RUNS AWAY FROM PRISONER'S GANG

Pablo Aliso, a long-term convict
who was sentenced from Honolulu on a
charge of sodomy, escaped from the
gang of prisoners working at Kapiola-
ni Park yesterday morning. The men
had been working on the lawns and
while a guard's attention was drawn
to another part of the park Pablo
slipped out.

The alarm was immediately given
and a search instituted for the run-
away. The hills back of Kapiolani
Park will be searched. It is quite like-
ly he will be caught, as he is well
known to nearly all the members of
the police force.

MRS. SCOTT DECIDES TO SUE TERRITORY

Mrs. Nellie Scott, who recently filed
suit against the Board of Public In-
struction for damages because, as she
claims, the Board broke its contract
with her to teach the Hualala school,
yesterday discontinued the suit and filed
another in the Supreme Court against
the Territory. The first suit was filed
in the wrong court and against the
wrong defendants, as the Territory and
not the Board of Public Instruction is
responsible and the Territory can be
sued only in the Supreme Court.

BOWEL COMPLAINT IN CHILDREN.

Children when teething are liable to
attacks of diarrhoea and this trouble,
especially in warm weather, should
never be neglected. The best medi-
cine in use for ailments of this kind is
Chamberlain's Colic, Cholera and Diar-
rhoea Remedy. When reduced with
water and sweetened, it is not unpleas-
ant, which is of great importance when
giving medicine to children. For sale
by Benson, Smith & Co., agents for
Hawaiian Islands.

These women are only a few of thousands of living witnesses of
the power of Lydia E. Pinkham's Vegetable Compound to cure female
diseases. Not one of these women ever received compensation in any
form for the use of their names in this advertisement—but are will-
ing that we should refer to them because of the good they may
do other suffering women to prove that Lydia E. Pinkham's
Vegetable Compound is a reliable and honest medicine, and that the
statements made in our advertisements regarding its merit are the
truth and nothing but the truth.
